

WATFORD BOROUGH COUNCIL

THE BOROUGH OF WATFORD (WATFORD) (CONTROLLED PARKING ZONES) (CONSOLIDATION) ORDER 2018 (SYDNEY ROAD) (AMENDMENT) (NO. 16) ORDER 2022

STATEMENT OF REASONS

Major housing developments have taken place to the north of Sydney Road and to the south (former Laundry site). To protect the respective access road junctions waiting prohibitions 'at any time' are being introduced spanning the junctions and corresponding amendments are being made to the adjacent existing residents permit parking bays and residents /pay and display parking bays.

In a recent change to its design the service road on the north side serving Compass House and Seaborne House is to be constructed wider than originally proposed and without restricting gates and as a result the corresponding waiting prohibition that is required to protect the entrance will span 60 metres instead of 30 metres. The residents permit parking and shared use parking to either side will be correspondingly reduced.

This traffic regulation order provides for those alterations to the original proposal.
