**Date:** 2<sup>nd</sup> December 2022

Dear Occupier,

**Re: Proposed changes to parking restrictions and existing bay layout on Sydney Road**

The Council has received requests from concerned residents and elected members regarding the parking that occurs across the access road to the rear of properties.

Vehicles have been observed to park on the carriageway across the access road, which blocks residents from accessing or leaving their garages. The close proximity of the existing parking bays on either side of the garage access path also means that when vehicles are parked in them, the visibility for residents leaving or accessing their garages is obscured.

To indicate the presence of this access road, it is therefore proposed to implement a no waiting at any time restriction across the access to deter vehicles from parking and blocking residents, and to improve the visibility for road users in the area. To ensure there is no loss of on street parking for residents, the existing permit holder bay will be extended towards Hagden Lane. A plan (Drawing Reference WR22/IF/HL1) showing the proposals is attached for your review.

If you wish to make a comment on the proposals, as part of this informal consultation, please contact me by telephone or email [TID@watford.gov.uk](mailto:TID@watford.gov.uk). The deadline for responses is Friday **23<sup>rd</sup> December 2022**.

As local residents, your views are important and all responses received, will be reviewed with your local Ward Councillors, prior to making any decision on whether to proceed to the final statutory consultation stage.

Yours faithfully,

Norma Adjepong  
Traffic Engineer.
