<b>A variation application:</b>	
<b>Description of the variation application (as described on the application form)</b>	<p>1. To vary the layout of the premises in accordance with drawing number 980.01.8 Rev. B supplied by the applicant. The alterations comprise:-</p> <ul style="list-style-type: none"> <li>a. Reconfiguration of Fixed Internal Seating</li> <li>b. Extension of Kitchen</li> <li>c. Relocation of Bar Severy</li> <li>d. Minor Reconfiguration of Back of House Areas</li> <li>e. Showing external customer seating area.</li> </ul> <p>2. To change the premises name to 'Wagamama'.</p> <p>3. To remove Condition 5 from Annex 2 of the premises licence which reads: 'No application will be made for variations to allow extended hours or regulated entertainment, including any application for temporary event notices.'. The applicant considers that this condition is unenforceable as it seeks to restrict rights granted to the Applicant under the Licensing Act 2003 and associated regulations.</p> <p>4. To remove Condition 7 from Annex 2 of the premises licence, which reads: 'No intoxicating liquor shall be consumed other than in the area shown coloured pink on the deposited plan'. This condition is outdated and relates to an old version of the layout plans. The premises licence only permits on-sales of alcohol and therefore alcohol sold under the licence can only be consumed within the red lined licensed area as shown on the plans, which means this condition is not necessary.</p> <p>Permitted hours and licensable activities remain as existing.</p>
