Dear Occupier,

Re: Proposed replacement of existing H-bar protection marking with No waiting at any time restrictions on Garston Park Parade Service Road

The Council has received a number of complaints from local residents, shoppers and elected members concerning drivers parking in front of the dropped kerb outside no. 16 Garston Park Parade.

Vehicles have been observed to park over the existing H-bar marking that protects the dropped kerb access, which enables people particularly vulnerable ones, such as wheelchair or pushchair users to access the footway. Parking at this location also restricts the movement of other vehicles turning into the service road, which can subsequently lead to congestion on Garston Lane.

It is therefore proposed to convert the H-bar marking to No Waiting at Any Time to deter parking and improve access to the dropped kerb.

A plan (Drawing Reference WRR24/IF/ME1) showing the proposals is attached for your review.

If you wish to make a comment on the proposals, as part of this informal consultation, please contact me by telephone or email TID@watford.gov.uk. The deadline for responses is **Friday 8th March 2024**.

As local residents and businesses, your views are important and all responses received will be reviewed with the Portfolio Holder and your local Ward Councillors, prior to making any decision on whether to proceed to the final statutory consultation stage.

Yours faithfully,

Norma Adjepong

Traffic Engineer.
